

I learned my craft from the very best. Working with documentary greats like Tom Hurwitz, Wolfgang Held, and Nick Higgins, I learned the subtleties of vérité filmmaking by being on location in the middle of the action. From producing commercial spots on the soundstages of New York City to shoots in the depths of the Somali desert, I have the skill set to both adapt and strive in the most unique environments.

Technical Skills

Capture One
Adobe Creative Suite, including Lightroom, Premiere Pro, Audition, After Effects
Shotput Pro
